This is issue was delayed for a couple reasons. First, my grandmother was taken to University Hospitals for emergency bypass surgery. She's doing fine, but recovering slowly. Our house has resembled Grand Central Station the past week, though, as my parents and others have been staying here. The second reason affects you directly. We have been having mail problems. Our mailbox is in a curbside cluster on 35th St, not 4th Ave. There's another cluster closer to our house, and we suspect this causes confusion whenever a substitute carrier has our mail. Some mail has been returned to sender, some arrives 3 weeks late, some disappears. The problem is sporadic; please protect yourselves by sending in duplicate copies of your orders. Meanwhile we'll work on it on this end, it was the USPS that placed our box so far from our house to begin with.

FALL 1904 is due MARCH 17, 1986. I now know that bad mail caused all the NMRs last time. None of the missing orders were delivered late, however. In light of the mail problems. I'll set this deadline at 4 weeks, and propose that we use 4 week deadlines from now on (not voting is YES). If we do move to longer deadlines, I'll refund the game fee difference.

catch-22 press CON-VIE: If you don't need Russia anymore, just give the word.

ENG-GM: Haven't you ever heard of a Sitzkrieg? SMYRNA: No fair. Can I have England instead. ((You and Tighe can negotiate your own trade...))
